Greetings From 

Dear Sponsors and Supporters,
BHS (Bothell High School) ArrowDynamics FRC team 10079 has finished our 2nd qualification competition at the PNW District - Auburn Event. Through your support, we have built a robot that placed 18th out of 126 teams at the end of the regular competition season. This means that we are qualified to compete at the PNW District Championships! We could not have done this without your support!

Day 1 Summary

2026 Rankings - PNW District Auburn Event

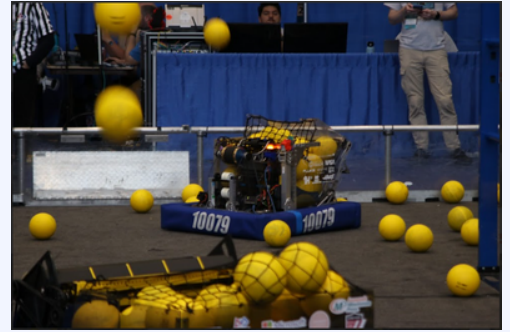

REBUILT
powered by FIRST

Qualification Rankings District Rankings

Teams are ranked throughout the Qualification matches and, once all matches have been played, the final rankings are used to determine the captains for the Alliance Selection process. [More Info...](#)

Rank	Team	Ranking Score	Match	Auto Fuel	Tower	W-L-T	Matches Played
1	 2046 Bear Metal	4.42	411.58	86.17	0.83	12 - 0 - 0	12
2	 360 The Revolution	4.08	321.42	64.50	1.67	11 - 1 - 0	12
3	 9023 Future Martians	3.83	336.67	63.00	0.00	10 - 2 - 0	12
4	 4089 Stealth Robotics	3.33	304.75	64.42	1.67	8 - 4 - 0	12
5	 1778 Chill Out	3.33	247.08	46.67	0.83	9 - 3 - 0	12
6	 4469 R.A.I.D. (Raider Artificial Intelligence ...)	3.25	270.00	46.67	4.17	9 - 3 - 0	12
7	 3663 CPR - Cedar Park Robotics	3.17	258.50	61.50	0.00	8 - 4 - 0	12
8	 8051 TinkRex	3.17	230.00	48.50	0.83	9 - 3 - 0	12
9	 10079 Arrowdynamics	2.92	258.67	57.33	0.83	7 - 5 - 0	12
10	 4512 Otter Chaos	2.92	255.58	42.83	1.67	7 - 5 - 0	12

Following our amazing start to our season over at Glacier Peak, we ranked 9th out of 36 competing teams at Auburn. Here is the story of our weekend from inside the pits and behind the glass.

ArrowDynamics played a total of 12 qualifying matches, with a total win/loss record of 7-5. At the end of the qualification matches, our team was ranked 9th, which while not high enough to give our team the chance to be an alliance captain, it did give us the opportunity to participate in the playoff matches.

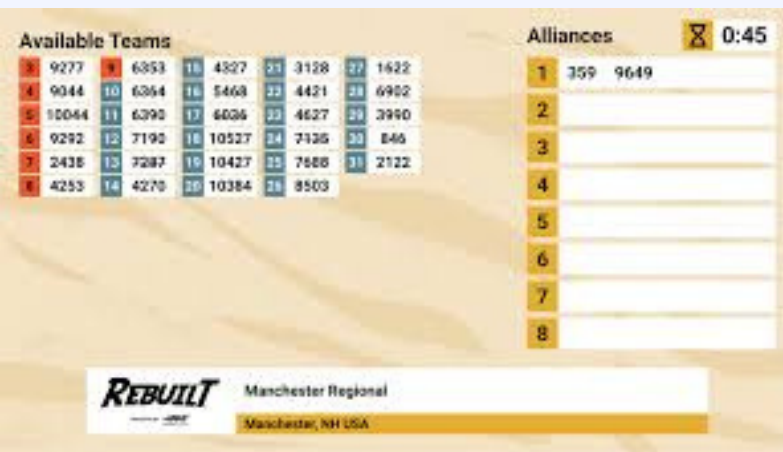

Our alliance partner and captain was FRC 3663 (CPR). Along with our other alliance partner FRC 4682 (CyBears), we were able to make it to Round 3 of the playoffs.

Not only were we able to place in the top 10 for the weekend, our team also won the Rising All-Star award for the 2nd time this season. The event gave our team an additional 33 ranking points, putting our team in 18th out of 126 teams at the end of the regular season.

Day 2 Summary

With our 7 wins and 5 losses, we finished our qualification matches in 9th place out of 36 teams, earning the spot as alliance the partners for Alliance 5. Afterward, alliance selection began. Watch this video below for more details.

[Click here to watch:](#)

This time we were invited by 3663 Cedar Park Robotics (CPR) to join the 5th seat alliance captain. we were accompanied by CyBears 4682.

Alliance	Captain	Round 1	Round 2
Alliance 1 EVENT WINNER	2046 Bear Metal	9023 Future Martians	8896 Wolf Tech Robotics
Alliance 2 EVENT FINALIST	360 The Revolution	4089 Stealth Robotics	3574 HIGH TEKERZ
Alliance 3	1778 Chill Out	4512 Otter Chaos	2929 Emeral Ridge JAQBOTS
Alliance 4	4469 R.A.I.D. (Raider Artifici...	2910 Jack in the Bot	3393 Horns of Havoc
Alliance 5	3663 CPR - Cedar Park Rob...	10079 Arrowdynamics	4682 CyBears
Alliance 6	8051 TinkRex	4450 Olympia Robotics Fed...	5683 R.A.V.E.N.
Alliance 7	2906 Sentinel Prime Robotics	3070 Team Pronto 3070	4173 Bark Bots
Alliance 8	949 Wolverine Robotics	3786 Chargers	7627 Bearcat Robotics

Our alliance made it through playoffs but lost halfway through. We are grateful to be on such an amazing alliance and finished strong with another “Rising All Star” Award giving us an extra 5 district points allowing us to go to the PNW District Championships gaining a total of 33 district points.

[Click here to watch:](#)

We received 1 award, Rising All Star We are ranked 18th out of 126 teams in the Pacific Northwest after week 4, securing 99 district points. This was the are last week of competition and we have no more weeks of regular season competitions so please stay tuned to see where we're headed!

We are all so happy with how we placed, and we're already preparing for District Championships to build on our success at Auburn.

Looking Ahead to DCMP and Worlds

Dear Supporter,

BHS ArrowDynamics FRC (First Robotics Competition) team 10079 finished our regular season of competitions, and are preparing for the PNW (Pacific Northwest) District Championships and beyond. Through everyone's support, the team has built a competitive robot that ended the regular season ranked 18th out of 126 teams! This qualifies our team to compete at the PNW District Championships in Cheney WA! We could not have done this without your support!

As we prepare for the DCMP (District Championships), we are also looking ahead to the FIRST World Championship in Houston, TX, April 29th to May 2nd. Only 21 of 126 teams from the PNW District will be qualified to go Houston based on merit/performance and awards at DCMP. We believe we have a very good chance of being one of those 21 teams, and we are actively preparing now for that possibility.

One of the largest challenges for a new team, like ourselves, is being able to raise funds for trips to both District Championships and World Championships. Last year we started fundraising with only 1 week to plan and book travel expenses. It cost us more than \$35,000 to send 12 students and 3 mentors to Houston, TX. After all the fundraising, each family was asked to cover the remaining balance of \$1,200 per each student, a significant amount for our students.

This year, we anticipate more than 25 - 30 students who plan to attend the FIRST World Championships in Houston TX at the end of this month. Our estimated costs for these students, mentors and chaperones will be approximately \$65,000. With no funding support, the cost per person will be more than \$2,500 for each student. For this reason, we are asking your help in the following ways:

1. Consider a financial donation to our team. Depending if you require receipt for a tax-deductible donation, we have two options to donate.
 - a. For a tax-deductible donation, they are accepted at our Booster Account through FIRST Washington, a 501(c)3. Instructions on how to donate are [here](#).
 - b. All other donations can be sent directly to Bothell HS Robotics. An account will need to be created for this option. Instructions on how to set up an account are [here](#).
2. Help us get the word out for supporting Bothell HS Robotics. Please share our story with your family, friends, work colleagues, employers, social media, etc. Ask if they would be willing to support us with a financial donation.

All donations will be used towards travelling to the FIRST World Championship in Houston TX. In the event that our team does not qualify for the competition, then all donated funds will remain with BHS Robotics to jump start our 2027 FRC competition season.

Thank you for all of your support this year. We hope to see your continued support in the future.

Timeline of Events

Our next District competition will be:

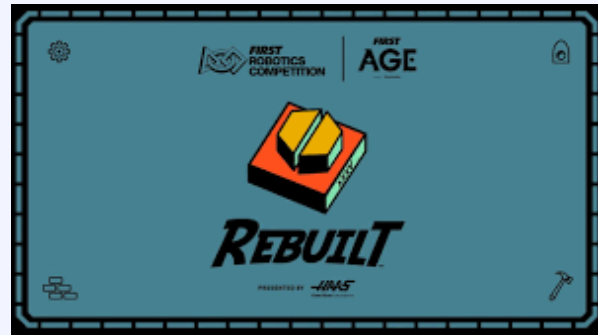

April 9 → 11 - Pacific Northwest District:
Championship

If you would like to follow along from home or come watch matches, you can find the match schedule, results, and rankings at [PNW District Championship Information page](#). The match schedule should be released late Wednesday or early Thursday morning. Check the schedule for our # 10079, and whether we are on the blue alliance or the red alliance.

For this season's challenge, including scoring, please watch this short video:

[2026 FIRST Robotics Competition Rebuilt™](#)

We have a high probability of qualifying for the FIRST World Championship in Houston! This incredible momentum means we are now actively seeking donations and sponsorships to help cover the logistical costs of competing on the global stage this April. We invite you to join our journey and support our mission to represent Bothell at the highest level—your contributions truly make this world-class experience possible for our team!
